Introduction to the Serve Illinois Commission on Volunteerism and Community Service

**DIVISION OF
FAMILY & COMMUNITY
SERVICES**

Serve Illinois Vision and Mission

Vision

We envision an Illinois where the needs of every community are met, and all Illinoisans have the opportunity to give their time, talents, and resources.

Mission

To strengthen communities through volunteerism, national service, and recognition.

Who We Are

The Serve Illinois Commission (SIC), as a part of the Illinois Department of Human Services and its affiliates, is a key component of the quality-of-life equation for Illinois residents.

Serve Illinois supports and enhances volunteerism and community service throughout the entire state of Illinois.

We support our own programs alongside outside programs funded by the AmeriCorps Agency, State of Illinois, and The Serve Illinois Foundation.

- Veterans and their families

NOFO OVERVIEW – PHA Vision and Goals

PHA VISION

AmeriCorps and the Centers for Disease Control and Prevention joined forces to launch Public Health AmeriCorps – to support the recruitment, training, and development of the next generation of public health leaders who will be ready to respond to the nation’s public health needs.

- The AmeriCorps Agency partners with State Commissions to realize this vision
- \$400 MILLION INVESTMENT OVER 5YRS.

PHA GOALS

1. Address public health needs of local communities by providing support in state and local public health settings and advancing more equitable health outcomes for underserved communities.
2. Create pathways to good quality public health-related careers through onsite experience and training, with a focus on recruiting AmeriCorps members who reflect the communities in which they will serve.

NOFO OVERVIEW – PHA Priorities

PHA PRIORITIES FOR THIS FUNDING OPPORTUNITY

- Efforts to help local communities respond to and recover from the COVID-19 pandemic. Applicants may propose programming to aid communities in their efforts to recover from the COVID-19 pandemic, including public health challenges that have been exacerbated by the pandemic, such as mental health and substance abuse.
- Programs creating pathways to good-quality public health-related careers through onsite experience and training (including pre-apprenticeship or registered apprenticeship programs, work experience and job training programs, and other workforce training and development programs)
- Organizations leading service in communities with concentrated poverty, rural communities, tribal communities, and those organizations serving historically underrepresented and underserved individuals, including but not limited to communities of color, immigrants and refugees, people with disabilities, people who identify as part of the LGBTQIA+ community, people with arrest and/or conviction records, and religious minorities.

NOFO OVERVIEW – AmeriCorps Agency and Commission Relationship

What is the difference between the AmeriCorps Agency's Public Health AmeriCorps NOFO and the Illinois Public Health AmeriCorps NOFO?

- The Serve Illinois Commission's NOFO mirrors the AmeriCorps Agency NOFO to ensure alignment and eligibility for sub-awardees
- State commission NOFOs also include state/commission level priorities as well as grant administration policies and procedures.
- State commissions submit a prime application to the AmeriCorps Agency that includes sub-applications from state-level applicants (single state applicants) recommended for funding by the commission as a part of this prime application.
- Single state applicants (sub-applicants) that are selected to be included in the prime application are a part of the Commission's proposed grant portfolio for Public Health AmeriCorps funding.

➤ AmeriCorps will make the final funding decision.

➤ Serve Illinois Commission's NOFO is for single-state applicants or multi-state applicants (a.k.a. Multi-state applicants can also apply directly to the AmeriCorps Agency. In those cases, these applicants must conduct a consultation with Serve Illinois in order to be considered for funding directly from AmeriCorps.

NOTE: if approved to be a part of the Commission's portfolio from the AmeriCorps Agency, applicants are considered a grantee of the Serve Illinois Commission and by extension the IDHS. Contracts are issued by IDHS – not the AmeriCorps Agency.

NOFO OVERVIEW – Additional Points

- Be sure to review the TTA provided by the AmeriCorps Agency for Public Health AmeriCorps
- Utilize the Illinois Public Health AmeriCorps NOFO information on the IDHS website in conjunction with the other resources provided on the AmeriCorps website (PHA NOFO page)
- AmeriCorps anticipates making two-year awards. If selected to be a part of the portfolio, a continuation application will be required for submission for the second year of funding but not guaranteed.
- There is no cost share or matching requirement per the Interagency Agreement with the Centers for Disease Control and Prevention (CDC), which has provided the funding for this program.
- Subject to appropriation, programs are not to start before the grant start date for the Commission's portfolio which is September 1, 2023.
- Programs should be designed to operate for no more than 12 months and ending no later than August 31, 2024.
- Eligibility: As defined in 2 CFR.200.1
 - Indian Tribes
 - institutions of higher education
 - local governments
 - public health departments
 - nonprofit organizations
 - state service commissions
 - states and US Territories

NOFO OVERVIEW – Additional Points

- Applicants must have a valid SAM registration and Unique Entity Identifier to receive an award. See **Section D.3 System for Award Management (SAM) and Unique Entity Identifier** for more information.
- Applicants not selected to be a part of the Commission's proposed portfolio will be notified between mid-December 2022 – January 2023.
- Applicants selected to be a part of the Commission's prime application (proposed portfolio) will then receive guidance for next steps in the application process at the state of level which include:
 - GATA Registration and Prequalification
 - eligible applicant entities must be registered and prequalified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, available here: [Illinois GATA Grantee Portal](#) (completed annually)
 - Internal Controls Questionnaire
 - Registration and Budget in the IDHS Grant Tracking System called the CSA
 - Crowe Activity Review System CARS
 - Uniform Application State Grant Assistance
